Connecting for a HUGE 2017

It is going to be a great year! We want to start it off with a chance to just network over Cocktails and Hors d'oeuvres. So much is going on that a chance to catch up with old friends and get a feeling for what this year has in store for other companies is a great use of your time! We are inviting members of both NTMA and the Small Manufacturers Association. This event has no agenda and is only for the connection of our members. Plan Thursday, March 23rd to end up at Porter Valley Country Club for cocktails and heavy hors d'oeuvres! You will have a great time and get home early!
